YOU HAVE TALENTS WE HAVE OPTIONS

Morgan Stanley Internship in Risk Management 2014/2015

Curious about what it is like to work at an investment bank?
Be an Intern at Morgan Stanley.

During your internship you will be exposed to real life situations and work with people in London and New York at both junior and senior levels. You will be given the chance to participate in training programs, team-building and networking events. We offer part-time and full-time opportunities and our program lasts 3-12 months. The internships are remunerated.

If you are interested in any of the areas below do not hesitate to send us your CV.

Data & Reporting area (for students with IT background):

You will take part in the development and maintenance of risk reports as well as risk data quality tasks and the production of data analysis.

Quantitative area (for students with Mathematical background):

You will assist with the development, maintenance and validation of quantitative models.

Credit Research area (for students with Economics/Finance/Accounting background):

You will carry out credit analysis on the Firm's counterparties (corporates, banks, insurance companies, investment funds and pension funds).
